PRESS RELEASE

TCTD "The Wave" is distributing a new updated schedule effective Sunday, September 13, 2009!

The Tillamook County Transportation District and its Board of Directors are proud to announce their 2009 service changes effective Sunday, September 13, 2009.

The most significant change is the addition of Otis to the Tillamook-Neskowin Route 4 (Orange). TCTD will go to Otis twice a day Monday through Saturday at 6:40 am, and 10:59 am as an extension of our Neskowin Route 4. The early run from Tillamook to Otis will now depart the Tillamook Transit and Visitor Center at 5:08 am instead of 5:55 am currently. Lincoln County Transit (LCT) will visit Neskowin at 4:30 pm Monday through Saturday. Otis is in the Otis Fare Zone. Traveling from Tillamook to Otis would cost an adult rider three dollars (\$3-). The stop will be at the Otis Post Office next to the Otis Cafe. The stop times on the Pacific City route have changed slightly due to adding Otis to our schedule and adding Pacific City back to the return to Tillamook portion of the run. Be sure to check the new schedules and stop placards for the correct times!

Second, the Cannon Beach stops are moving from the 3:05 pm run time to the 5:45 pm Manzanita-Cannon Beach run, Route 3 (Purple), arriving in Cannon Beach at 7:03 pm. All of the Manzanita-Cannon Beach runs have been adjusted to allow more time for the buses to make their scheduled stops. Be sure to check the new schedules and stop placards for the correct times!

Third, on the Tillamook-Portland Intercity Route 5 (Red) we are adding stops at Banks and North Plains in Washington County. These Cities currently have no public transportation going to either City. These stops will be on both the outbound and inbound portions of the run. The Portland stop times have been adjusted slightly to improve connection times and to allow for stops at Banks and North Plains. The early bus will leave the Tillamook Transit and Visitor Center at 8:05 am instead of 8:15 am currently. The afternoon bus will still depart at 12:30 pm, however it will return to Tillamook a little later at 5:30 pm in stead of 5:00 pm currently.

PRESS RELEASE (Cont'd)

TCTD "The Wave" is distributing a new updated schedule effective Sunday, September 13, 2009!

Fourth, the Tillamook to Oceanside-Netarts Route 2 (Brown) is changing slightly due to rider involvement. On the way to Netarts, the bus will turn from OR Hwy 131 to Whiskey Creek Road and then Netarts Bay Drive before returning to OR Hwy 131 and continuing to Oceanside. Returning from Oceanside to Tillamook the bus will remain on OR Hwy 131. Some of the times have changed slightly. The 9:15 am run will now depart the Tillamook Transit & Visitor Center at 9:00 am returning to Tillamook at 9:45 am and the 5:15 pm run will now depart the Transit Center at 5:00 pm returning at 5:45 pm.

TCTD is delighted to continue to make service improvements to further enhance the transportation benefits to the citizens and tourists of Tillamook County. Please read the schedules carefully since some of the route times have changed. "Wave" schedules are always available and we ask all riders to pick up a new schedule from a driver, one of the many racks around the county, our website at www.tillamookbus.com, or from our District office at 3600 3rd St, Suite A, in Tillamook. If you would like a new schedule mailed to you please call (503) 815-8283. New schedules will be available 9/2/2009. Don't forget that TCTD bus stop sign placards, schedules on our website and rider information will be updated on 9/12/2009. The WAVE's other routes remain the same!
