### **PRESS RELEASE**

## **TCTD "The Wave" has new service schedule effective Sunday, September 11, 2011**

The Tillamook County Transportation District and its Board of Directors are pleased to announce their 2011 annual service changes effective Sunday, September 11, 2011.

The most significant service change is adding Sunday service to be just like Saturday service. Be sure to check the new schedules and stop placards for the correct times!

We are adjusting the Neskowin-Otis Route 4 (Orange) times to improve efficiency. The early run will depart the Tillamook Transit Center at 5:25 am instead of 5:15 am.

On the Tillamook-Portland Intercity Route 5 (Red), we are adjusting the morning run slightly to accommodate the Town Loop time. **The major adjustment here is that the Sunday 4:00pm departure from Tillamook is going away to be replaced by the regular departure times of 8:10am & 12:30pm from the Tillamook Transit Center.** Be sure to check the new schedules and placards for the correct times!

We have removed the Cannon Beach Brailier stop on the Manzanita-Cannon Beach Route 3 (Purple) runs because SETD is no longer servicing that stop. This is the only change to this route.

We adjusted the morning Oceanside-Netarts Route 2 (Brown) departing Tillamook at 9:15am and returning to Tillamook at 10:00am. The evening run has more time for a 5:45pm departure arriving back in Tillamook at 6:30pm in order to accommodate passengers returning from the afternoon Portland run. Be sure to check the new schedules and stop placards for the correct times!

The Town Loop Route 1 (Blue) is adding ten more minutes to each loop. The departure time is still a quarter after the hour, however, the arrival time is now ten minutes after the hour. This route will be up and down next summer due to the "goose neck" going in on OR Hwy 6 next summer as well as the Third Street improvements. This will cause us to reconsider Third Street to Circle Drive, Trask River Road, and then back down Third Street by the Fairview Grange. The times have also been adjusted for better efficiency of the Route. Be sure to check the new schedules and stop placards for the correct times!

TCTD is dedicated to making continual service improvements to provide the best public transportation service possible to the citizens and tourists of Tillamook County. Please read the schedules carefully since some of the route times have changed. "Wave" schedules are always available and we ask all riders to pick up a new schedule from a driver, one of our many schedule racks around the county, from our website at [www.tillamookbus.com](http://www.tillamookbus.com), or from the District office at 3600 3<sup>rd</sup> St, Suite A, in Tillamook. If you would like a new schedule mailed to you please call (503) 815-8283. New schedules will be available 9/9/2011.

Don't forget that TCTD bus stop sign placards, website schedules, bus shelter boards and rider information will all be updated on Saturday evening, 9/10/2011. Catch the WAVE!
